Dear Campers and Parents:

It is with great enthusiasm that I welcome you to the JF Camps Instructional Non-Contact Offense/Defense Football Camps.

During the past 14 years as President of JF Camps, I have been busy teaching children the fundamentals of football through individual and group work. As a father of a young boy and twins, I understand the importance of nurturing and developing. The work ethic, teaching and skill development that we used for our past campers will continue to be utilized this year.

As I begin my 15th year of organizing football camps, the joy and excitement of camp is upon us. The formula for success is that we provide is **individual attention, repetition, and team play**. Your son is not a number. We afford your son the opportunity to improve by week's end.

Enrollment is limited to the first 75.

We begin a partnership with William Paterson University this summer as well continue one at Our Lady of Sorrows School.

Jerry Flora

President/Camp Director

Parent's welcome on Final Day

An award ceremony will be held 45 minutes prior to the end of the camp on the last day.
